AFTER-SCHOOL CLUB · CRAFT TABLE

Time for crafts

One step at a time, from materials to tidying up.

What is needed fetch to the table

- Coloured paper
- Scissors
- Glue
- Felt-tip pens

How we do it tick off when the step is done

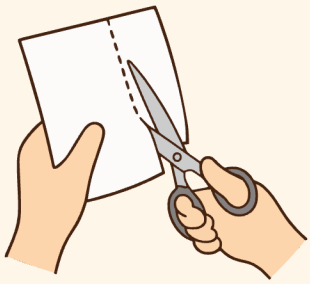

1

Fetch materials

Everything goes on the table.

2

Cut

Along the line, at a calm pace.

3

Glue

A little glue is usually enough.

4

Wait

The glue usually dries after a while.

5

Tidy away

Materials back in their place.

6

Wash hands

Off with the glue and paint.

When everything is tidied away, the craft is done.
